

Lesson Plan Details (Oct.28-Nov.1)

Class	Unit/s	Essential Standards	Learning Targets
Ind. Design	Ink Scape	A.12.2 Know advanced vocabulary related to their study of art C.12.4 Use advanced design techniques to improve and/or change artwork E.12.4 Communicate ideas by producing advanced visual communication forms useful in everyday life, such as sketches, diagrams, graphs, plans, and models. C.12.7 Apply advanced craft and skills to consistently produce quality art	*Students will learn the difference between vector and raster imagery. *Students will use basic universal commands to copy, paste, save, duplicate, and group. *Students will manipulate line using the Bezier line tool. *Students will work with fill and stroke and know the difference between the two.
Art I.	Keith Haring, Properties of Design.	A.12.4 Know and recognize many styles of art from various times. C.12.4 Use advanced design techniques to improve and/or change artwork. G.12.1 Use visual images as tools for thinking and communicating G.12.2 Know how to find the meanings in artwork	*Students will research Keith Haring. *Students will develop an artistic composition by using repeated objects and principles of design (emphasis, unity, symmetry). *Students will focus on simplistic representations of information. *Student will chose media and color to support theme.
Art 8	Graphite Cut-Away	C.8.1 Know the elements and principles of design C.8.2 Understand what makes quality design. C.8.4 Use design techniques to improve and/or change artwork. C.8.7 Understand the natural characteristics of materials and their possibilities and limitation	*Students will blend appropriate amount of graphite onto 70lb drawing paper. *Students will know the physical qualities of drawing paper, (weight and tooth) *Students will use reference lines to aid in filling in space with accurate representation. *Students will complete a finished graphite drawing.
7 th Grade	Tinker Cad Introduction	E.8.2 Communicate complex ideas by producing design art forms, such as graphic design, product design, architecture, landscape, and media arts, such as film, photography, and multimedia. G.8.1 Know that visual images are important tools for thinking and communicating	*Students will know different mediums for art creation. *Students will explore form in 3D design. *Students will learn how value effects the illusion of form on a two dimensional plane. *Students will explore basic functions, commands and navigation on Tinercad.
